1	<p>Many thanks to Dr. Masaaki Hashimoto-san for his assistance in reviewing and validating the signatures on the database. I recognize the time and effort it took to do so and am extremely grateful. We are continuously trying to improve the quality of photos and information on the database and as such you should check regularly for updates. The list below is provided to you so that you may go through the corrections and update your own records for any Kokeshi you may have formerly identified through the database where (1) spelling , (2) name translation or (3) name order (Last Name/First Name) may have previously been erroneously listed. The information is currently sorted by Type then by Original file Name. We apologize for any inconvenience this may have caused. ~Madelyn</p>
